

## **Finlay New Developments 2010**

### **Website**

Website Updates - Since the launch of the all new Finlay website in October 2009 Finlay has seen the number of visitors to its site increase dramatically. In February work will be carried out on the website to add new 2010 products together with a new Homepage layout to help site navigation.

Online Ordering - A new Online ordering function has been installed to the site which allows customers order through the website by clicking on the “Place and Order” option and this brings up an Order Entry page where order details can be entered and submitted, this order will then be received into the Finlay office in a secure e-mail.

You can visit the Finlay website at: [www.finlaygrp.com](http://www.finlaygrp.com)
